

Curriculum Vitae

Tom Wiesing - tom@tkw01536.de - Erlangen, Germany

Coding & Skills

Check <https://github.com/tkw1536/> for a more complete overview of my coding skills.

Languages & Frameworks	Go	Python	TypeScript	HTML	PHP
		Django	React	CSS	Perl
Tools & Platforms	Docker	Git	Linux Sysadmin	Traefik	
	Docker Compose	GitHub Actions	Ansible	Nginx	
Spoken Languages	German (native)	English (bilingual)			

Professional Experience

Software Engineer

Competence Center for Research Data and Information

Friedrich-Alexander-Universität Erlangen-Nürnberg, Germany

09/2021 - present

- Developed and maintained research data management systems used across academic projects.
- Co-led interdisciplinary teams to design, build & integrate software solutions into research workflows.
- Led deployment pipelines to configure, document & maintain infrastructure using Docker, Ansible & Git.

Research Software Engineer (Exchange Visitor)

Applied and Computational Mathematics Division - Mathematical Software Group

National Institute of Standards and Technology (NIST), Gaithersburg, MD, USA

- 06/2021 - 08/2021: Added support for presentations (beamer package)
- 11/2019 - 01/2020: Modernized bibliography processing to match existing workflows
- 06/2018 - 08/2018: Improved Docker-based CI & Testing Infrastructure
- 06/2017 - 08/2017: Onboarded to [LaTeXML](#) (a LaTeX To XHTML converter) & improved LaTeX parsing

Research Software Engineer

KWARC Group, Friedrich-Alexander-Universität Erlangen-Nürnberg

09/2017 - 08/2021

- Built knowledge representation tools and scientific knowledge services.
- Implemented backend systems for semantic markup and interactive publishing.

KWARC Group, Jacobs University Bremen (now Constructor University Bremen)

07/2015 - 05/2017

- Maintained & developed tools to support formal and informal mathematics research.

Board Member (IT Assessor)

Jacobs University Alumni Association

01/2018 - 05/2024

- Volunteer work, collaborated with a diverse interdisciplinary team of other board members.
- Maintained technical resources of the association, such as Google Workspace accounts and websites.
- Designed, implemented & deployed a custom application to manage association members based on Django.

Education

Doctor Of Engineering

Friedrich-Alexander-Universität Erlangen-Nürnberg

Dissertation: *Towards A Commons Of Object-Centered Research Data*

doi: [10.25593/open-fau-1825](https://doi.org/10.25593/open-fau-1825)

Master Of Science in Data Engineering

Jacobs University Bremen (now Constructor University Bremen)

Bachelor of Science in Applied & Computational Mathematics

Jacobs University Bremen (now Constructor University Bremen)
